

BYRON GOUGH WINS SHOWMAN LANE TROPHY

MAX PICKLE WAS JUDGE OF FINAL EVENT FRIDAY EVENING

Several hundred people witnessed the showmanship contest held on Friday night in connection with the county fair. It was won this year by Byron Gough, son of Mr. and Mrs. Howard Gough of Franklin township.

The boys competed in the finals, each showing sheep, hogs, beef cattle and dairy cattle. The winners were picked from the four divisions, Gough, representing hogs, Charles Leonard, sheep; Larry Grimes, beef cattle and Bill Nicholson, dairy cattle.

Larry Ramsay of Russellville was the winner of the Craft Award, it being a show halter.

Mark Pickle was the showmanship judge and Francis Lane awarded the trophy to the winner. This event has been one of the high lights of the final evening of the fair for the past several years and as usual, attracted much interest.

Only One Calf Was Born During Fair

A maternity ward was set up in the Dairy Barn late Friday, when a Jersey cow owned by Miss Catherine Harbison gave birth to her third calf.

Miss Harbison is the daughter of Mr. and Mrs. Ivan Harbison of Clinton township and the young lady has paid much of her expenses through school with the Jersey cow. She has had three calves, two daughters and the bull on Friday. She paid \$85 for the cow four years ago and has received several times that sum from the milk and has three cows now and bull calf, worth something like \$400. So the dairy business pays.

Lions Clubs Help At The Fair Gate

The Putnam County Lions Club did a valiant job as ticket takers at the gate during the week for the Putnam county fair. Each of the five clubs responded well for the nights assigned them and when a new crew was needed, other clubs helped out.

The clubs are from Roachdale, Fillmore, Greencastle, Warren Township and Cloverdale and they did a mighty fine job during the entire weeks.

20 Years Ago

HERE AND THERE

Miss Florence Foster left for New York to resume her teaching.

Mrs. Lossan McMillan and children were here from Indianapolis.

Ted Crawford returned home from Terre Haute where he had been employed for the summer.

Mrs. Emily Herod entertained the Stitch and Chatter Club at Fillmore.

IN THE GOOD OLD DAYS

SMALL POX—"One or two cases of this disease in a mild form have made their appearance in Greencastle. Dr. Keightley, the dentist, and his little child are the persons affected. People from the country should not be alarmed about it spreading as every precaution has been taken to confine it in its present limits. Therefore no one need be afraid to come to town and transact their business as usual." (1859)

MAIL CURFEW—"The Danville Ledger says: 'It seems that the abridgement in the main service required by the failure to obtain an appropriation from the last Congress, is to take effect here on the first of July. We understand that from and after that time the mail from here to Cartersburg will be reduced from a daily to a tri-weekly, and that the route to North Salem will be suspended. This is unwelcome news.' (1859)

LONGEST TRIP—"John Wise, the celebrated balloonist, accompanied by three other gentlemen, made an ascension on the first of July at St. Louis and landed at Jefferson County, New York. They passed over the northern part of this state, came near getting into Lake Erie, passed through a hurricane, and finally alighted on at ree top, getting down safely with few bruises. It was a perilous trip, and the description of it is very interesting. It was the longest trip ever taken through the air." (1859)

OHIO STATE JOURNAL — (Glenn Steele, Cloverdale basketball coach, has brought in to us a copy of the Ohio State Journal of Dec. 21st, 1826. One hundred and thirty one years old, it is the oldest newspaper we have seen outside of a museum. This issue contains the message before Congress delivered by President John Quincy Adams on the occasion of the observance of the fiftieth anniversary of the Declaration of Independence—Another item of interest was an advertisement of Miami University reading as follows: "The third year of the Miami University, located at Oxford, Butler County, Ohio, commenced on the first Monday of November last. The officers and instructors for the present year are—The President and two Professors—The Master for the Grammar School, four tutors and a Writing Master. The whole number of students in all different classes is one hundred and twelve—Tuition to Grammar School, five dollars, and in the College classes, ten dollars per session. Boarding one dollar, and twenty-five cents per week—No individual is on any account whatever allowed to continue connected with the Institution, who is not in the opinion of the faculty, fully and profitably employed—and in every case where all circumstances being taken into view, any student not making that progress which he might do or not conducting himself with that order and sobriety, which are becoming, information of this situation is immediately communicated to his parents or guardians that he may be removed."

PUTNAM GUARDS—When the War Between the States began in 1861, two guard units were organized in Putnam County. The officers and personnel of each was given in the BANNER. The officers of the Putnam Union Guards were given as follows: William Conklin, captain, Edward R. Bladin, lieutenant, David N. Steel, ensign, M. J. Cooper, 1st sergeant, William L. GEN. ELECTRIC GIVES DEPAUW \$2,500 GRANT

AWARD WILL BE USED BY SCHOOL'S PHYSICS DEPARTMENT

DePauw University was announced today as one of 20 Liberal arts schools selected to receive science grants from the General Electric Educational and Charitable Fund.

Authorized under the GE fund's new college science grants program, a \$2500 award has been earmarked for use by the DePauw physics department during 1957-58.

Primary purpose of the grant, according to Kenneth G. Patrick, fund secretary, is to increase departmental effectiveness, and no restrictions have been imposed by the donor.

Last year DePauw's physics department, which is headed by Dr. Malcolm Correll, secured valuable laboratory equipment through the cooperation of the General Electric Company.

In recent years the company also has sponsored \$500 mass communications scholarships at DePauw and a limited number of other institutions.

Three Arrested By City Police

City police reported Saturday morning that they made three arrests Friday night and that two young men were lodged in the Putnam county jail as a result.

Police said they picked up Herbert Leroy Robinson, 21, Tucson, Arizona, and James Neeley, 21, Lancaster, Kentucky, on public intoxication charges at 1:30 a. m. Saturday.

Both were taken into custody at the corner of Washington and Jackson streets.

Earlier, at 12:01 a. m., the officers arrested Harold Wayne Barnett, 16, of Reelsville, charging him with reckless driving on Broadway.

Two Roads Will Be Opened Soon

Two highways cutting northward across neighboring Parke County are scheduled to be reopened within the next three weeks.

According to the Indiana State Highway Department U. S. 41, closed from near Clinton northeast to Rockville, will be repaired and back into operation by August 16. Rains of June 28 washed out grading and paving at Big Raccoon Creek south of Rockville.

Not far across the Putnam-Parke county line, route 59, which has been closed from Brazil north to Bellmore because of road construction near Mansfield, will be completed around September 1.

Driver Is Fined In City Court

John E. Jordan, Lafayette driver, found out that it cost \$15.75 to pass another automobile on U. S. 231, four miles south of Greencastle Friday afternoon.

Jordan was arrested on an improper passing charge by State Trooper John Danberry and hauled into city court before Mayor Evan Crawley.

When he pleaded guilty to the charge, the Mayor fined Jordan \$1 and costs, a total of \$15.75.

The will of Fletcher Goff, Russell Township, names his daughter, Esther Goff Ranstead, as executrix. The will was dated Sept. 1, 1950, and witnessed by James G. McCutchan and Glenn H. Lyon.

The will of Ethel McGaughey, of near Bainbridge, names her husband, Lyle McGaughey, as executor. The will was dated March 24, 1948, and witnessed by Edward Maddox and Eugene S. Hutchins.

Collegians Bow To Frogs, 22-12

CHICAGO (UP)—Head Coach Curley Lambeau blamed the rain "and nothing but the rain" for the defeat of his All-Star football team Friday night. The score was 22 to 12.

Lambeau said he was not offering an alibi, "but just stating a fact."

The intermittent downpours and the wet field threw all his strategy into a cocked hat, he said, unable to mask his disappointment.

'CRUSH CLASS ENEMIES' SAYS SOVIET LEADER

KHRUSHCHEV ORDERS ALL ANTI-RED RESISTANCE PUT DOWN

BERLIN (UP)—Communist Boss N. S. Khrushchev has ordered local Red leaders to crush anti-Communist resistance in Soviet Germany, scene of the first "Hungary-style" revolt against Russian rule.

In Leipzig Friday, Khrushchev called on the Communists in Germany to crush their "class enemies."

"You must not fall asleep," he said. "There must be no reconciliation with other classes."

Khrushchev spoke three times in Leipzig. As elsewhere during his tour of Red Germany, the public response was cool.

Television cameras recording his appearance at a "mass rally" in Leipzig Stadium showed many more seats than people. At least two-thirds of the stadium's 100,000 seats were empty.

Khrushchev himself took notice of reports that East Germans are less than enthusiastic about his tour. He told militia units paraded before him that Western newspapers probably would say they were forced to march.

"These bourgeois press reports make no impression on us," he said. "We have lived through 40 years of it, and we haven't lived badly."

He promised Red Germany's Stalinist rulers that they can count on the full military support of the Soviet bloc to keep them in power, and assured them they need not fear that they will be swept out of office by free elections.

Chief Lawrence Gets State Post

William Lawrence, Greencastle Fire Chief, was elected as second vice president of the Indiana Firemen's Association at the closing session of the annual convention in Indianapolis Friday afternoon.

Lawrence, who has served as a district chairman of the association for the past 10 years, was elected without opposition to a two-year term.

Chief Lawrence and Mrs. Lawrence returned home from the convention Friday evening.

Six Killed In Head-On Crash

LIVERMORE, Calif. (UP)—Six persons were killed late Friday when a car, suspected of having been involved in a minor hit-run crash sped out of control down a grade on US 50 near here and smashed head-on into an oncoming sedan.

The California Highway Patrol said the car which had leaped the dividing strip at 80 miles an hour matched the description of a car which sideswiped a truck and sped away minutes before the fatal crash.

Dead in the wreckage of one car were four members of one family: Lt. Col. Clarence E. Fisher, 39, Castle AFB pilot, his wife, Faye, 33, and two children aged 10 and 15. A third child was hospitalized with critical injuries.

Occupants of the other car were identified as Paul F. Lockett, 40, Hayward, Calif., and his wife, Pauline, 39. Lockett was a guard at the Alameda Naval Shipyard.

Greedy Play
Loses Game

South saw a chance for 11 tricks in today's hand. The extra 30 points lured him into giving up his sure game contract.

West opened the king of hearts, and South won the ace. Triumphant, South led a club to dummy's king and cashed the ace of clubs to discard his losing heart.

The triumph was short-lived. West ruffed and returned a trump. East took the ace of spades and led a second trump. This left only one trump in dummy for South to use for his diamonds. South had to lose two diamond tricks, and this cost him his contract.

CORRECT PLAY
The correct play would have avoided this trap. South wins the first heart trick and leads the king of diamonds.

West can win the ace of diamonds and take a heart trick, but then there is no winning line of defense. If the defenders lead two rounds of trumps, South can ruff one diamond in dummy and can safely discard another low diamond on a high club.

If the defenders fail to lead trumps, South can ruff both of his low diamonds in dummy. He will win only one club trick in dummy but thereafter will ruff clubs with high trumps to guard against an overruff. The contract is therefore safe against any defense.

DAILY QUESTION
Partner bids one spade, and the next player bids four hearts. You are next, holding: S—9 7 6 3 H—7 D—6 2 C—A K 10 7 6 2. What do you say?

Answer: Bid four spades. Partner should have a fine play for this contract even if he has a minimum opening bid.

This year's corn crop was planted on 72,289,000 acres, down 4.8 per cent from last year's 75,950,000 acres.

The wheat crop forecast com-

pared with 1956 production of 997,207,000 bushels and a 10-year average of 1,131,000,000 bushels. Corn yield was estimated at 42.4 bushels an acre, compared with 45.4 bushels in 1956. The all-wheat yield was forecast at 21.2 bushels an acre, compared with 20 bushels an acre, and spring wheat yield at 18.6 bushels an acre.

Soybean production was estimated at 428,356,000 bushels. The 1956 output was 455,869,000 bushels. The board estimated the soybean yield would average 19.8 bushels an acre, compared with last year's 21.8 bushels.

Oats production was forecast at 1,361,456,000 bushels, compared with last month's prediction of 1,374,304,000 bushels and 1956 production of 1,152,652,000 bushels.

Writes Manual On State Mosses

The head of DePauw University's botany and bacteriology department, Dr. Winona Welch, is the author of a new illustrated manual, "Mosses of Indiana."

Published by the Indiana Department of Conservation, the 478-page work represents years of research and is designed for both beginning and advanced students in moss taxonomy.

According to Dr. Welch, a member of the DePauw faculty since 1930, the book's primary objective is to simplify the determination of moss species known to occur in Indiana.

A unique feature is the use of keys based primarily on vegetative characteristics, permitting identification of the mosses with or without fruiting structures.

Director of the sponsoring conservation department is Harley G. Hook, and the department's division of forestry is headed by State Forester Ralph F. Wilcox.

The first woman president of the Indiana Academy of Science, 1943-49, Dr. Welch is known throughout the world for her research and published works in the field of mosses.

Born in Indiana's Jasper County, she also has served as president of the American Bryological Society, Sigma Delta Epsilon honor society for women in science, and other learned organizations.

'Bertha' Is Now Only Rainstorm

LAKE CHARLES, La. (UP)—Tropical storm Bertha, no longer a hurricane, broke down into windy rainstorms today.

The Weather Bureau said the threat of the year's second hurricane was over for the Louisiana-East Texas coastal area, badly hit by hurricane Audrey last June 27.

All warnings were lowered Friday night when the storm lost its driving force. The New Orleans Weather Bureau said heavy rains and strong winds would follow the storm into East Texas. By early today the strongest winds had subsided to 50 miles an hour and less.

Ironically, one of the few reports of damage on land was from Cameron, La., nearly destroyed by hurricane Audrey.

One of the 10 persons who refused to flee from Bertha tried to cook his supper on a makeshift stove.

Rancher Named For Aid Post

WASHINGTON (UP)—President Eisenhower has picked James H. Smith Jr., a Colorado rancher and former Navy official, to direct America's multi-billion dollar foreign aid program.

The President also nominated AFL-CIO President George Meany as a delegate to the 12th session of the United Nations General Assembly and movie actress Irene Dunne as alternate delegate.

Eisenhower sent the three nominations to the Senate Friday along with that of Ambassador Henry Cabot Lodge Jr. for re-appointment as head of the U. S. delegation to the United Nations. James J. Wadsworth was selected alternate to Lodge.

HAPPY REUNION AT HOME OF FIRST WIFE

THE WALTHAM, MASS. HOME of the first wife of the late Karl Taylor is the scene of a happy reunion of his second wife and her two daughters. Taylor divorced his first wife after 25 years of marriage to wed the former Aiko Azuma of Okinawa. He intended to bring Aiko and their two daughters to the U. S., but died of lung cancer. Aiko permitted the girls to come to the U. S. when the first Mrs. Taylor said she would care for them. Aiko could not come over until red tape was cut. Shown are (from left) Helen, 4; Aiko; Mrs. Edith Taylor and Maria, 6. Exclusive Boston Record American Sunday Advertiser photo.

Red Party Boss Issues Warning

BERLIN (UP)—Soviet Communist Party chief Nikita Khrushchev said last night that if any Communist country is attacked the enemy would be hit with "a devastating counter-blow."

Addressing a Communist rally at Leipzig in East Germany, the Soviet leader boasted that communism eventually would sweep the world.

"Reactionary circles rattle the saber and want to frighten us," he said. "That is dumb. We are not cowards and will give them the proper answer."

"Any aggression will receive a devastating counter-blow, no matter which nation of the socialist camp they attack."

"We are not afraid of capitalist competition and we are convinced we can beat them in all competition."

National Guard En Route Home

CAMP MCCOY, Wis.—Approximately 11,000 Indiana National Guardsmen are leaving here today in military convoys after completing 16 days of intensive summer field training with the 38th Infantry Division.

The Guardsmen, departing for home armories in more than 60 Indiana cities and towns, drew pay and allowances of nearly one million dollars for their training here, with practically every cent to be spent back in Indiana. Payment was by check.

The division formally ended training Friday. Maj. Gen. Carl O. DeBard, Indianapolis, commanding general of the division, and Brig. Gen. John W. McConnell, Indianapolis, Indiana Adjutant General, both praised the officers and men of the division for the high degree of efficiency attained in training here.

This was the 10th consecutive postwar field training period for the division.

After arrival back in Indiana tomorrow, all units will begin a year-long armory training program, to terminate in 1958 just prior to field training for that year.

The training site for 1958 has not been announced.

Seek To Rescue Four In Alps

GRINDELWALD, Switzerland (UP)—Twenty-seven veteran Swiss and German mountaineers climbed toward the top of "Death Mountain" today in a race to

save four men trapped in the snow-capped Alps.
One of the four hung from a 40-foot rope from a precipice on the almost vertical north wall of Mt. Eiger and was feared dead. His companions huddled nearby, half-frozen by nearly a week in the wind-swept mountains.
Three rescue teams left the Jungfrauoch today to reach the top of the Eiger north wall over the more easily accessible southern route. They hoped to cross the top of the wall and descend 600 feet to the distressed men.
They last were seen some 950 feet below the 13,033-foot mountain peak. Beneath the dangling man was a 10,000 foot drop. Members of the Swiss Alpine air rescue squad flew within 36 feet of him Friday, but saw no sign of life.

Subs Head Back To Polish Base

LONDON (UP)—The two Communist submarines that prowled Britain's northeast coast Friday were somewhere in the North Sea today, apparently headed back to their base in the Red-held Polish part of Gdynia.
The subs, first sighted Thursday night off the Scottish coast a few miles north of the big British submarine base at Rosyth, headed out to sea late Friday.
In Warsaw, a Navy operations officer told the United Press at nightfall Friday that the U-boats had reported by radio that they were on their way back to Gdynia.
The purpose of the subs cruise along the British coast was unknown. They remained outside the three-mile limit, avoiding any violation of international law.

HOOVER HAS BIRTHDAY
SAN FRANCISCO, (UP)—Herbert Hoover began his 84th year today, enjoying "fundamentally good" health but wryly acknowledging his "longevity depends mainly on pills."
The former Republican President told newsmen his hearing was failing but except for a siege of "wonder drug" allegory he has been in top shape since his last birthday.

PLAN INVESTIGATION
WASHINGTON, (UP)—U. S. officials today said thorough investigations will be made of any American students at the Moscow youth festival who visit Red China.
The officials said stiff penal-

ties for travelling to Red China might be invoked as a result of court action for any misuse of passports.
Dispatches from Moscow reported about 50 American youths at the festival are planning to visit Red China.

BOSS GETS LUKE-WARM WELCOME IN EAST BERLIN

TRAVELING WITHOUT Soviet Premier Nikolai Bulganin, world Communism's "great man," Nikita S. Khrushchev (left), doffs his hat to the politely-clapping 20,000 East Germans herded dutifully to the East Berlin railroad station. It was described as probably the most luke-warm reception Khrushchev ever got behind the Iron Curtain. In the center is East German Premier Otto Grotewohl. At the right is Russia's first deputy Premier Anastas I. Mikoyan.

Away from
it all

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
